DEADLINES AND DATES

Important deadlines and dates

The important deadlines are listed below:

- Deadline for submitting an application form – End of March (late applications will be considered based on available space)
- If more bands register as there are starting places available (concert class, show class etc.) Then the number of participating bands per country is capped.
- The number of points achieved in the home country decides the participation.
- Many countries should have the opportunity to participate in the European Cup. That is the idea.

INSURANCE INFORMATION

All bands should take out public liability insurance for property damage and/or personal injury.

The city of Rastede and / or the Rasteder Musiktage e.V. are the owners of several venues where you will perform.

Bands staying and/or eating at the Gymnasium are staying at the Rastede School Office / State School Office. It is therefore necessary that they are insured as additional insured persons in your liability insurance.

Liability insurance is required to protect the band, the Rastede Music Festival and the parade, the City of Rastede and the Rastede School Board in the event that a band member or a member of this group damages other people's property or another person injures the public. This is not to be confused with other insurance policies that the band may have in place for its instruments or health insurance for the band members.

Bands that do NOT have the above-mentioned insurance cannot participate in the events of the Rasteder Musiktage events, including school trips.

Most bands are already insured in some form, and it is only a matter of asking the insurer to issue a certificate of insurance with appropriate endorsements. Often there is no additional premium; however, there may be small additional costs.

ACCOMMODATION

The Rastede Musiktage believes that it is important that the bands have access to affordable accommodation within the city of Rastede. Rasteder Musiktage has secured permission for the band for the Music days and the days leading up to the event to use the high school for some accommodation. Depending on the size of the band a gym or classroom may be used by your band.

The size of your band will determine the accommodation provided through this program. If these subsidies are used there are some important points to consider:

The washroom and shower facilities are shared with other groups using this facility.

Everyone who stays in the school must provide their own bedding. (Sleeping bags, pillows, and camping style mattresses.)

Bands from outside Europe can buy/rent bedding from us.

The school's supervisory staff is on duty 24 hours a day while the bands are at the school.

All people who are in the school must be counted for security and emergency purposes.

Interest of owners

The School facilities, which are available to bands, are offered to all bands participating in Rasteder Musiktage. Facilities are available only to people who are directly connected to the band, such as band members, employees and supervisors. Special accommodations will need to be arranged for bus drivers if the band will be using chartered tour buses or providing their own busing. We understand it is important for the bus drivers to have accommodations near the band.

Once all accommodation at the school is filled your host can assist in locating potential alternate accommodations, at the expense of the bands. Please be aware that hotel/motel space in Rastede un Umgebung fills quickly during Rasteder Musiktage, it is best to make your arrangements quickly.

People not directly associated with the band are asked to arrange their own hotel/motel accommodations. This should be done well in advance of your trip in order to ensure you find the best suited accommodations. Requests are prioritized on a first come first served basis. Make sure your request is clearly known by the band office and your host.

Safety of the facility

Fire safety regulations require that a complete list of the number of band members and chaperones be submitted to your host prior to the trip, but no later than 14 June. You should discuss the security of your area of the school with the school caretaker when you arrive at the school. Please report any suspicious persons or activities you notice in the school to the band Office or the janitorial staff.

Accommodation guidelines

The following guidelines must be observed during your stay at any accommodation provided by the Rasteder Musiktage. Violation may result in your immediate expulsion from the facilities and/or potential legal action:
