RASTEDER MUSIKTAGE

Rasteder Musiktage

International Rasteder Music Festival

“The essence of music is to bring joy.” With these words of the greek Philosopher Aristotle, we would like to welcome you, dear musicians and music friends from near and far, to the International Rasteder Music Festival. Every year 60 music associations with about 3000 musicians and accompanists from many nations are expected to attend this major event.

Rasteder Musiktage has, over the years, become one of the largest and most beautiful music events of its kind in Europe. As the first Patron of Rasteder Musiktage, Nicholas, the Grand Duke of Oldenburg said, “We want to build Bridges!” the core idea of our event is to bring together young people who enjoy music, to make international friendships, and to strengthen and grow existing ones.

Rasteder Musiktage

Including last year we have welcomed more than 33 nations to our music festival. We are proud that the International Rasteder Music Festival is now known all over the world and we look forward to welcoming even more nations to our event in the future.

We are pleased the The World Association of Marching Show Bands (WAMSB) has recognized our event as a qualification round for their World Championships. There are very few opportunities to qualify for the WAMSB World Championships in Europe, which shows how important the Rasteder Music Festival has become to the world. This fact is not only due to the success of the music festival in recent years, it is also a show of the commitment the employees, volunteers and sponsors who have supported and grown this event throughout the years. We would like to take this opportunity to thank everyone who has and will continue to contribute to this celebration.
